CONTENTS

YEARS IN THE MAKING

FABRIC TECH

LYCRA

Exceptional elasticity and highly durable, Lycra sewn into high movement panels provides enhanced comfort and fit.

BALL POINT MESH

Lightweight mesh for added comfort and additional breathability to keep you cool.

EXOTEK

This exclusive Dvo developed fabric is tight fitting and features 4 way stretch for increased movement and comfort as well as anti-bacterial properties.

HYDRO+

Hydrotek features 4 way stretch and is match ready. Hydrophilic to keep you cool during game play. Soft to touch for added comfort.

POLYCOTTON

Traditional fabric tried and tested for over 100 years. Our Polycotton is a custom knitted blend. Ideal for Corporate, School Leavers Jerseys and Rugby.

EVAPOREX

Lightweight for maximum comfort and breathable to keep you cool during game play and training.

TRIPLE MESH

Triple Mesh provides a super breathable, lightweight solution for performance garments. It is moisture wicking and has a silky feel against the skin.

LIGHT VAPO

Quick drying & hydrophilic, Light Vapo provides a great option for all sports. It is durable for match play, but is lightweight for comfort.

SPORTS PIQUE

Similar to our Evaporex fabric, Sports Pique is moisture wicking to keep you cool.

COOLMAX

Durable and breathable, Coolmax is perfect for the modern athlete. Coolmax is used by our professional clubs.

POLY TWILL

Durable and lightweight, this fabric has been developed for premier Rugby and is used in our players' shorts at the highest level.

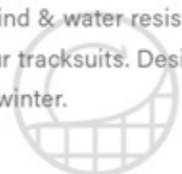

WOVEN POLYESTER

Strong yet lightweight, this fabric was developed for our gym shorts.

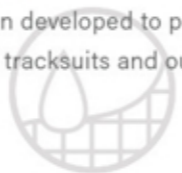

NYLON OXFORD

Our heavyweight nylon is wind & water resistant and a durable option for your tracksuits. Designed to keep you warm throughout winter.

POLY MINI RIPSTOP

Our coated Ripstop has been developed to provide a showerproof option for your tracksuits and outerwear jackets.

DRIILON

Our dry weather polyester dobby Driilon fabric provides an additional option for your tracksuits.

CVC COTTON POLY FLEECE

Heavier than the industry standard, our Fleece is brushed on the inside to provide extra warmth, with longer threads to reduce pilling.

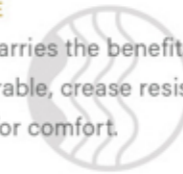

POLYCOTTON TRICOT

Tricot is a sturdy yet soft, breathable fabric used in our travel jackets.

COTTON ELASTANE

A body-hugging fabric that carries the benefits of elastane garments. Made durable, crease resistant and stretchy, it's an ideal choice for comfort.

NANO PIQUE

A lightweight sports fabric, Nano Pique has a wicking finish for comfort and breathability.

ADDITIONAL OPTIONS

EMBELLISHMENTS

NUMBERING

Dvo team numbers are available in three different sizes (6", 8" or 10" high). Digits are available in six styles and in one solid block colour or two colour keyline and fill.

EMBROIDERY & HEAT SEALING

Dvo boasts a full in house embroidery and heat sealing service gaining us the ability to apply your logo, names and numbers onto your garments.

DESIGN YOUR OWN

Unlock Your Vision with Our Custom Design Services.

Whether it's personalizing your favorite jersey or creating a unique team uniform, our expert designers are here to bring your ideas to life. From concept to creation, we ensure every detail reflects your style and identity. Elevate your look and stand out from the crowd with our bespoke designs.

AFL

The DVOX Aussie Rules Guernsey has been developed to endure all of the rigours of modern Aussie Rules football. It is player tested at the highest level and features 75% more stitches on seams and cuffs than our competitors so it will resist tearing in even the toughest rucks and tackles. The Guernsey is constructed from one fabric throughout which ensures accurate colour matching and uniform finish to preserve your clubs history.
